Bioethics & Professionalism

Where Healthcare meets Islamic Ideology and Practice of Medics

Admissions Open

Why Choose Our One-Year Diploma?

Embark on a journey to acquire essential knowledge and skills necessary for making informed and ethical decisions rooted in core bioethical principles and rich tapestry of Islamic values.

- Gain a thorough understanding of core bioethical principles.
- Analyze the practical applications of ethics in healthcare.
- Navigate bioethical dilemmas with a structured approach.
- Apply relevant professional codes of conduct.
- Gain insight into Islamic ethical values and guidelines concerning various biomedical issues under discussion.

Application Fee
Rs. 2,500/-
Diploma Fee
Rs. 75,000/- per Semester

Program Educational Objectives (PEOs):

- **Foundational Ethical Practice:** Develop a deep understanding of the foundational principles guiding ethical decision-making in healthcare.
- **Integration of Ethics into Professional-Patient Interactions:** Evaluate the dynamics of ethical considerations in patient care, emphasizing effective communication and relationship-building.
- **Analysis of Bioethical Issues within an Islamic Framework:** Examine contemporary bioethical dilemmas through the lens of Islamic principles, exploring their implications in modern healthcare contexts.
- **Application of Islamic Medical Ethics:** Acquire the skills to apply Islamic ethical principles to medical decision-making and patient care, ensuring alignment with Islamic values and beliefs.

Eligibility

Healthcare professionals i.e. physicians, nurses, pharmacists, physical therapists, psychologists, policymakers, educators, researchers, and students in healthcare fields.
